Prelude

Dare To Dream

Built for dreamers, by dreamers.
The Prelude makes a comeback for a new era,
bringing back the joy of driving and creating
special moments you'll never forget.

Dare To Stand Out

Form meets performance with bold 19" Alloy Wheels and iconic blue Brembo brake callipers for sharper handling and precision stopping power.

Engineered with the refined quality of a GT car, the 2.0L e:HEV powertrain and Type R chassis deliver the ideal balance of stability, responsiveness and comfort across four driving modes.

- Comfort Mode
- Sport Mode
- GT Mode
- Individual Mode

Dare To Thrill

A close-up photograph of a car's center console. A hand is shown with the index finger resting on a circular shift knob with a white 'S' logo. To the right, a 'DRIVE MODE' selector is visible with a white arrow pointing left. Above the shift knob, 'P' and 'R' gear indicators are partially visible. The console is black with a white leather-like trim and blue stitching.

S

SHIFT

See, Hear and Feel

Feel every shift come alive with dynamic RPM response and intelligent upshift and downshift control that adapts seamlessly to every drive.

Dare To Indulge

Personalised Seating: Sport-focused support for the driver and enveloping comfort for the passenger.

Dare To Trust

Honda
SENSING

A suite of advanced driver-assist technologies designed to enhance awareness and help prevent collisions.

*Honda SENSING alerts and assists drivers to drive safely on the road. Honda SENSING functions best in conducive weather and visibility conditions. Keep the camera clean and unobstructed for optimum performance. Despite the capabilities of Honda SENSING, drivers remain responsible for safely operating the vehicle and avoiding collisions. Drivers should always keep their hands on the steering wheel and be in control of their driving behaviour at all times.
